Week - 2

Name	Enrollment no
Dhruv Kabariya	AU1940188
Shivam Thakker	AU1940193
Pranav Gandhi	AU1940313

- Task performed on this week :
    - We read the paper given in the previous report and see what differences are there in those models.
    - We find that transformers extract better texture from images than convolution models.
    - GAN was better at reconstructing images.
- Task for next Week:
    - Learning framework to implement GAN model.
